- Get deal notifications while you're shopping at the mall.
- Raise your wrist when you're ready to redeem select offers, and simply show the bar code at checkout to save.
- Save or send offers you like right to your iPhone.

"The addition of the RetailMeNot Apple Watch app further enhances our users' iPhone experience and uses the latest location-aware technology to provide another easy way to encourage consumers to take advantage of nearby offers while they shop," said Sonia Nagar, vice president, mobile, RetailMeNot, Inc. "Similar to the 'nearby offers' feature on the RetailMeNot iPhone app, shoppers wearing an Apple Watch can also access RetailMeNot's database of tens of thousands of offers from coast to coast."

For example, as of August 2015:

- A RetailMeNot Apple Watch app user standing in Times Square in New York City is surrounded by nearly 600 offers from hundreds of retailers and restaurants. Nearly 75 deals are available within a 1-mile radius.
- In Chicago, a RetailMeNot Apple Watch app user standing on the corner of Michigan Avenue and Chestnut Street is surrounded by 615 deals in a shopping area and more than 260 deals within a 5-mile radius from retailers and restaurants.
- Standing in Union Square in San Francisco on the corner of Powell and Geary, a RetailMeNot Apple Watch app user is surrounded by more than 300 offers from retailers and restaurants, with more than 70 deals available in a 1-mile radius.

"With millions of Apple Watches becoming the new digital accessory for consumers, RetailMeNot's location-aware app will further enable shoppers to take advantage of all the savings that surround them on a given day," added Nagar. "From restaurant deals to retailers in malls promoting sales, the RetailMeNot Apple Watch app will enable consumers to get more out of their shopping trip."
