

Beat the Heat and Score the Best Things to Buy in July

AUSTIN, Texas, June 28, 2018 /PRNewswire/ -- Summertime is in full swing, and the peak of the season comes with savings for all. From Independence Day to Amazon Prime Day*, shoppers have plenty of opportunities to cut costs. RetailMeNot's shopping and trends expert, Sara Skirboll, advises shoppers to take advantage of major deals this month, especially on Amazon Prime Day, often referred to as Black Friday in July. "Amazon Prime Day is a 30-hour online flash sale event where Amazon offers its Prime Members thousands of deals in tons of categories from TVs to baby wipes. Though the date is still shrouded in secrecy, I suggest shoppers research and take advantage of other retailer offers that will also be released the same day! There's a lot of competition in July for sales and plenty of online and brick and mortar businesses will be offering deep discounts."

From fitness gear and outdoor furniture to early back-to-school items and summer apparel, July comes stacked with savings.

Shape Up

For those focusing on getting fit for summer, now is the time to take it up a notch. Whether you're a gym rat or you prefer sweating outdoors, you'll find fitness gear that works for you — no matter the method to your madness. Look for sales on hiking boots, weights, exercise equipment and apparel. Check out the summer sales at these retailers:

Hit the Road

July is prime time for a weekend getaway or a summer road trip. Whatever the plans, travelers can take advantage of discounts on car rentals this month. Make the Grade in Back-to-School Supplies

It may seem too early to start thinking about school supplies, but it's never too early to save on things you know you'll need. While the cost of school supplies can really add up, it's the newest technology that does a number on your pocketbook. If your student needs a new laptop or computer, look for low prices during Fourth of July holiday sales and Amazon Prime Day, when deals on several categories of electronics have historically been offered.

- Amazon: **Up to 50% Off Electronic & Electronic Accessory Deals**
- eBay: **Up to 89% Off Electronics Deals + Free Shipping**

Soak Up the Sun

Even though this is the peak of the summer season, shoppers should keep their eyes peeled for sales on home and garden items, which become more frequent as fall approaches. Patio furniture, in particular, will be a steal this month as retailers start to prepare their sales floors for fall inventory. Shoppers can get outfitted for outdoor fun, from relaxed backyard barbecues to swanky summer soirees, with savings from Macy's, Home Depot and Lowe's.

- Macy's: **55% Off Select Patio Furniture**

Hot Summer Looks for Less

Those who have been patiently waiting for sales on summer apparel can finally rejoice! Whether you're in the market for bikinis or blouses, swim trunks or short-sleeve shirts, now is the time to stock up on warm-weather apparel. Retailers are starting to shift their focus to styles for fall and want to make room for new transitional inventory. Shoppers can advantage of steep discounts from retailers like American Eagle and Forever 21. (And note to college students in the market for clothing: Some retailers, like Madewell, J.Crew, Under Armor and more, give [discounts to students](#) with a valid ID.)
